

Dr. Hung Wai Ka

MBBS (HK), MS (HK), FCSHK, FRCSEd(Gen), FHKAM(Surgery)

Dr. Hung is a specialist in General Surgery sub-specialising in Breast Surgery. He received advanced training in Breast Surgery in the UK in 1999. He served in Queen Mary Hospital and Kwong Wah Hospital for 18 years before moving to private practice in 2010.

Dr. Hung was the recipient of the GB Ong Travelling Fellowship in 2009. With his clinical research in sentinel node biopsy and its application in Chinese patients, he was awarded the degree of Master of Surgery from HKU in 2012.

Dr. Hung is an Honorary Consultant of the Well Women Clinics of the Tung Wah Groups of Hospitals. He serves in the editorial board of the Hong Kong Medical Journal and he is a Council Member of the Hong Kong Society of Breast Surgeons.

All through his professional career, he is dedicated in promoting breast health and breast screening. He has been involved in the operation of the Breast Health Centre (BHC) of the Hong Kong Breast Cancer Foundation (HKBCF) since its inception in 2011. He has been a Council member of the HKBCF since 2015. He serves in the Management Committee since 2017 and he is also the Chairman of the BHC Advisory Committee overseeing the operations of the BHC.
